Lecture title

Name this lecture. Leave it blank to let the AI title it from your speech as the lecture unfolds.

Untitled lecture

Seed notes

Lecture-specific background material, added on top of the project's seed notes. Saved automatically.

What this lecture covers, key terms, examples...

Seed material

Documents and photos scanned for background text and imagery, used by this lecture only.

📎 Upload PDF, DOCX, TXT, or photo

or drag and drop a file

No seed material yet.

AI freedom

How much the AI may add beyond what you actually say while generating this lecture's slides.

Only what I say

Free elaboration

Language

Speech recognition and generated slide text for this lecture.
